

## Carriage Manor Golf Club

Carriage Manor has a very active golf club, boasting two hundred and forty members. The club has arrangements with ten different golf courses for preferred tee times at reduced green fee rates for daily play. The included courses are nine and eighteen holes with a variety of course slopes and ratings to challenge the low handicap player as well as the novice.

Residents and guests may sign up for any one of the desired tee times as a single or up to a foursome at the selected course for the day you wish to play. You may play one or as many courses during the week as desired.

During the winter season at Carriage Manor there are golf tournaments nearly every month which are a lot of fun and a source of bragging rights for every level of golfer.

There is an awards banquet in late March to recognize golfing achievements during the year and to wrap up the organized golf activities for that season.

If you have a passion for golf, or just enjoy playing the game, Carriage Manor is the place to be.
