Subject: Carriage Manor update

4/2/2020

I understand there are rumors around the resort, that we have residents in Carriage Manor that have tested positive for COVID-19 and I wanted to let you know that as of this date and time myself and the Board Of Directors have no knowledge of anyone within the resort testing positive for COVID-19.

Also, staff would like to give a thank you to Andy and Mitch Lager, for your concern for our safety with the gift of masks for each of us, Rick and Jennifer Gaustad for providing staff lunch which was a much appreciated morale boost during this challenging time.

While acknowledging negative feedback from actions taken in terms of facility closings, the positive comments from residents have far outweighed the negative.

On behalf of the Board of Directors and staff, thank you for your support during this extraordinary time.

Mary Candelaria,
General Manager
Carriage Manor Resort
