

BOD Candidate Resume

My name is Bruce Groves. I live at #2 Graham. I am a Software and Systems engineer by profession. I retired from Texas Instruments, Dallas, Tx after 34 years of service

I have been a resident of Carriage Manor since 2002, starting as a renter for the first 10 years and then buying my current home in 2012, becoming a full time resident at that time. I have served on many committees during this time starting with the Activity Committee around 2009. I served on that committee until being elected to the board in 2016. I have served on the sound committee for 7 years, serving as the chair for several years. I am a charter member of the IT committee serving since its creation in 2010. I served on the Long Range Planning committee for 3 years, serving as it's chair for the last year. I was elected to the board of directors in 2016, serving as vice-president for 8 months and assuming the office of president in October of 2016.

My hope is to serve one more term on the board. I think and hope that my biggest contribution will be to provide much needed continuity to the board as we continue to complete the many goals that the board and membership have set. And among those goals is to keep Carriage Manor as the premier retirement resort in the east valley.
