**Objective of running for Carriage Manor RV Resort Board of Directors:** I have had the honor of serving on the Board of Directors for the years 2012 through 2015. I am proud of the accomplishments that the board and management achieved over those years. I served as liaison for the board to the ARC Committee and headed up the ADHOC committee for the purchase of the Fitness Center equipment. I was Secretary for the first two years and then Vice President the last two years. I am proud to say that I never missed a meeting and I have owned my lot since 1988 and purchased our second lot in November 2018. I feel that this is a big investment as all of us do here at Carriage Manor. I am a person who believes in honesty and integrity by direct communication. I believe that you can accomplish more by listening and the use of common sense and discussion. I may or may not agree with all you say but I will be willing to listen to you and work hard to make sure that our community will achieve the highest standard and to help keep the cost within reason so that we can all enjoy our retirement.
